

Good afternoon, thank you for visiting the West Central School District website. The West Central School Board and I are happy to share with you the following board approved building and renovation design plan for the Hartford Elementary / Maintenance Building project.

The following are highlights of the project:

- Addition of eight new JK/K classrooms
- Addition of a new competition-sized gymnasium facility
- Addition of a new admin office/workspace, with the main entrance moving from 2nd Street to 1st Street
- First and second grade classrooms will have space for two additional sections
- Expanded/Renovated library, music and art classrooms
- Expanded/Renovated kitchen, cafeteria and serving facilities
- Expanded/Renovated special education and therapy (OT/PT/Speech) rooms
- Overall capacity raised to allow for future growth to 450-475 students.
- New staff/public parking lot to the SE of the building
- New district maintenance building/warehouse
- Project completion date is currently projected to be Fall of 2024
- The entirety of this project will be funded without raising taxes for property owners
