

West Central Nutrition Services Special Diets Information:

The Nutrition Service Department will accommodate modified diets for students according to the following guidelines.

Lactose Intolerance

- Students can substitute Pearl Soy Milk for the milk beverage offered with Breakfast or Lunch.
- A completed Meal Change Request Form must be on file and each year. Nutrition Services will contact the parent to see if the child's Lactose Intolerance has changed from the previous year.
- Meal Change Request Form must be completed by a licensed medical Profession who is able to write prescriptions.
- Federal Regulations prohibits us from providing juice or water as the substitute for Soy Milk. Milk is not a meal requirement. A component must be offered not required to be taken.

Special Diets or Food Allergies

- Food substitution will be made as requested by the child's physician for allergies covered under the Americans with Disabilities ACT as severe/ life threatening. Foods containing any allergens will be avoided and will be replaced with acceptable alternatives within the guidelines of the structured menu.
- The Parent/Guardian is suggested to meet with the Food Service Supervisor to review the menu and ingredients lists.
- The Nutrition Service Department requires a one week in advance notification of the days the child will be eating lunch with us.
- A completed Meal Modification must be on file and evaluated yearly for the the Nutrition Services to provide reasonable accommodations.
- The Meal Modification must be completed by a licensed Medical Profession who are able to sign prescriptions.
- Both Hartford and Humboldt Elementary kitchens do not purchase any items with peanuts or tree nuts to keep our little ones safe. We do our best to avoid items that could possibly be manufactured in the same facility with peanut/tree nuts.
- The Middle and High School students we do offer peanut/tree items and the items are properly marked. Please let us know if your child has an allergy for us to be watching.

MEAL CHANGE REQUEST INSTRUCTIONS

Important! Determine which type of request is needed (see #1 and #2 below). Then, carefully read and follow the steps for that type of request. If the form is not complete, the school/agency will follow up with the parent/guardian about the request. **We recommend that you keep a copy of the form that is turned into to school/agency.** If you have any questions about this form, contact the school/agency.

Definitions:

- An **'agency'** might be a school, child care center, adult day care center, child care home, sponsoring organization, or institution.
- A **'participant'** would be a student, child, or adult (in a day care setting) who receives meals at an agency.

Note to Parent/Guardian/Participant: As required in FNS Instruction 783, Rev. 2, Section V Cooperation: When working with a meal change request, food service staff should work closely with the parent(s) / guardian(s) / participant(s) or responsible family member(s) and with all other medical and community personnel who are responsible for the health, well-being and education of a participant with a condition that limits a major life activity to ensure that reasonable steps are taken that will allow the individual's participation in the meal service.

1. Meal Change Request due to a condition that limits a major life activity:

- A school/agency **must** provide a meal change for a condition that limits a major life activity. You will find more information about what is considered a major life activity below. A participant does not need to be labeled as having a 'disability' in order to need a meal change.
- If you are asking for a meal change that is based on a condition that limits a major life activity, a meal change request form (alternate form allowed) is required and it must be signed by a recognized medical authority. A recognized medical authority is a medical official who is authorized to write prescriptions. The following sections must be completed when submitting a change request for this reason.
 - Part A of this form must be completed by the parent/guardian/participant.
 - Part B of this form must be completed by a recognized medical authority when the meal change requires the school/agency to provide a meal outside of the meal pattern. The school/agency staff can help the parent/guardian/doctor to understand what the meal patterns require.
 - We strongly recommend the parent/guardian signs Part C of the form.
- If the school/agency is able to make the meal change request and still follow the meal pattern requirements, the form does not need to be signed by a recognized medical authority. However, the school/agency may request a completed meal change form that is signed by a recognized medical authority. If a signed meal change form is requested by the school/agency, the school/agency must provide the alternate meal while waiting for the signed form.
- A meal change request based on a condition that limits a major life activity will be followed by the school/agency until a parent/guardian/recognized medical authority tells the school/agency that the change request is no longer needed. The school/agency may ask for a signed statement to document the end of the meal change request.
- We strongly recommended that parents/guardians look at the change request each year to make sure the change is still correct and needed.

2. Meal Change Request due to a lifestyle choice, general health concern, etc.:

- A school/agency is **not required** to provide a meal change for requests that are based on lifestyle choices, general health concerns, etc. and a major life activity is not affected.
 - If you are asking for a meal change that is based on a lifestyle choice, general health concern, etc. the following sections must be completed when submitting a change request for this reason.
 - Part A of this form must be completed by the parent/guardian/participant.
 - Part B of this form must be completed.
 - We strongly recommend the parent/guardian signs Part C of the form.
 - If the school/agency provides a meal change for this reason, the requested change will continue until a parent/guardian/medical authority tells the school/agency that the change request is no longer needed. The school/agency may ask for a signed statement to document the end of the meal change request.
 - If the school/agency is making a meal change for this reason, we strongly recommend that parents/guardians look at the change request each year to make sure the change is still correct.

42 USC § 12102 – DEFINITION OF DISABILITY

(1) Disability

The term “disability” means, with respect to an individual—

- (A) a physical or mental impairment that substantially limits one or more major life activities of such individual;
- (B) a record of such an impairment; or
- (C) being regarded as having such an impairment (as described in paragraph (3)).

(2) Major life activities

(A) In general

For purposes of paragraph (1), major life activities include, but are not limited to: caring for oneself, performing manual tasks, seeing, hearing, eating, sleeping, walking, standing, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, communicating, and working.

(B) Major bodily functions

For purposes of paragraph (1), a major life activity also includes the operation of a major bodily function, including but not limited to: functions of the immune system, normal cell growth, digestive, bowel, bladder, neurological, brain, respiratory, circulatory, endocrine, and reproductive functions.

(3) Regarded as having such an impairment

For purposes of paragraph (1)(C):

- (A) An individual meets the requirement of “being regarded as having such an impairment” if the individual establishes that he or she has been subjected to an action prohibited under this chapter because of an actual or perceived physical or mental impairment whether or not the impairment limits or is perceived to limit a major life activity.

A participant does not need to be labeled with a ‘disability’ in order to need a meal change.

Definition of Recognized Medical Authority

Per USDA Memos SP 26-2017, CACFP 14-2017, and SFSP 10-2017, a State licensed healthcare professional authorized to write medical prescriptions can sign the medical statement.

In addition to Medical Doctors (MD), Doctors of Osteopathy (DO), Nurse Practitioner, and Physician Assistant (PA), the South Dakota Board of Osteopathic Medical Examiners identify Certified Nurse Practitioners (CNP) and Certified Nurse Midwives (CNM) as capable of writing prescriptions, thus identified as recognized medical authorities who may sign a Meal Change Request.

The licensing of physicians (pursuant to SDCL 36-4-9) does not include chiropractors, opticians, dentists, orthodontists, or physical therapists. Although some of the above-named healthcare providers use the title “Dr.” in front of their name, only physicians licensed pursuant to SDCL 36-4-9 may append the letters M.D. or D.O. to their name (SDCL 36-4-9). Therefore, signatures on Meal Change Requests based on conditions that affects major life activities will be considered valid only if the physician uses, or is licensed to use, M.D. or D.O. after his/her name.

A parent who is an M.D., D.O., PA, CNP, or CNM may sign his or her own child’s meal change request.
