

West Central School District 49-7

SCHOOL ATTENDANCE AREAS

Dividing Line Between Elementary School Buildings

The school board shall establish attendance districts for children attending the two elementary schools of the district.

Balancing Number of Children Between Buildings

In order to attempt to balance the number of children in each one of the elementary schools, the administration shall have the right to attempt to transfer children from one building to the other. Every consideration will be to the welfare of the child and whenever possible the interest and concerns of the parent.

The Administration will use its best discretion in determining who is to be transferred so that the best possible situation for all concerned will result.
