

Dear Parents/Guardians,

Summer is rapidly approaching and we are offering summer school classes for grades K-5. If you are interested, please fill out the online registration by April 5th in order for us to secure instructors. We have some minimum number requirements.

After your registration is received, we will send you your child's schedule and financial statement. All summer payments will be due by Friday, May 10th, although we will work with families on payment plans.

Financial assistance of up to half the tuition is available for families who need it. Call 605-528-3215 to inquire about financial help. Please remember that your registration deadline is April 5th.

Sincerely,

Ashley Bahrenfuss
Summer School Coordinator
